This was the year we produced our very first Anything can happen on the night tape and over the years it proved to be our number one selling video. It featured a collection of crashes, out-takes, races and general fun never before seen in the speedway world. The riders used to ask if they could appear on it and nobody was safe. Each DVD is £10 or you can order the entire set for £50 including postage by using the code aset0126
